

Areas to investigate

Absence and exclusions

- Overall absence in autumn and spring of 2016/17 was high for all pupils (in the highest 10%).

The areas to investigate indicate meaningful trends and issues from the data. These are based upon cohorts of more than ten pupils. Progress trend sentences are based on at least six pupils in each year. Progress and attainment figures based upon ten or fewer pupils will be displayed in grey throughout the report. Please note some areas to investigate are based on data not contained in this report.

2017	School Floor Coasting	
Expected+ RWM %	-	(65) (85)
Reading progress	-	(-5) (-2.5)
Writing progress	-	(-7) (-3.5)
Maths progress	-	(-5) (-2.5)

Below floor standards in 2017? -

To be above the floor, the school needs to meet either the attainment or all of the progress element.

School coasting in 2017? -

The 'coasting' definition covers school performance over 3 years. A school is identified as coasting if:

- in 2015, fewer than 85% of pupils achieved level 4 in reading, writing and mathematics and below the median percentage of pupils made expected progress in all of reading, writing and mathematics, and
- in 2016 and 2017, fewer than 85% of children achieved the new expected standard and average progress made by pupils in reading or writing or mathematics was below the level set against the primary progress measures (shown in pink above).

Absence indicators for 2015 and 2016 are based on two terms of data (autumn and spring) for mainstream schools and three terms of data for special schools. For 2017 absence indicators are based on two terms of data (autumn and spring) for both maintained and special schools.

Note: 2015 quintiles and percentiles are based on value added measures; 2016 and 2017 quintiles are based on progress measures. Rank for the disadvantaged section is based on all schools' disadvantaged pupil groups, except for 2016 where it is based on RAISEonline methodology, which measured the group against all pupils. For quintile boundaries, see guidance documents on <https://www.gov.uk/government/collections/using-ofsteds-inspection-dashboard>. Statistical significance for disadvantaged pupils is against the national for other pupils.
